MEMORANDUM FOR THE RECORD

SUBJECT : Conversation with Mr. Joseph Scott, 24 September, Regarding
25X1X7 [REDACTED]-179

25X1D0a

25X1X7

1. Following the 1400 hour alert 24 September on [REDACTED]-179 which will cover [REDACTED] targets, and in accordance with agreements reached orally between the undersigned, [REDACTED] and [REDACTED] 25X1A9a
25X1A9a I called [REDACTED] to touch base with him regarding any possible hesitancy the Department might have about the combined [REDACTED] 25X1D0a
25X1D0a [REDACTED] mission at this time.

2. In my remarks to Mr. Scott, I noted the approvals of the Special Group for a [REDACTED] mission on 8 August, reaffirmed 29 August, and said that we were merely following a conservative course in touching base with his shop and [REDACTED] He said that he would try to accomplish this coordination so that it would be available to us by roughly 1000 hours 25 September in time to meet a 1400 go-no-go situation. He said that he was quite busy and would probably have [REDACTED] transmit 25X1A9a
the results to me.
